

SLIDE 1 – PROJECT RAKSHAK

Project Rakshak

AI-Powered Fraud Detection & Mule Account Intelligence Platform

Team Members- Hemangi Mourya, Aakarshan Indori, Manya Chourasiya & Saptashya
Pahari

Hackathon Name- BIO hackathon

One-line Pitch:

"Detecting fraudulent transactions and uncovering mule account networks through AI-powered risk intelligence."

SLIDE 2 — PROBLEM STATEMENT

Current Challenges:

- * Increasing digital payment fraud
- * Mule accounts hide stolen funds
 - * Manual investigations are slow
- * Fraud detection systems lack explainability

Impact:

- * Financial losses
- * Investigation delays
- * Regulatory challenges

SLIDE 3 – OUR SOLUTION

Project Rakshak provides:

✓ Real-time Fraud Detection

✓ AI Risk Scoring

✓ Mule Network Visualization

✓ Explainable AI Decisions

✓ Investigator Dashboard

✓ Regulatory Intelligence Monitoring

Outcome:

Faster and smarter fraud investigations.

SLIDE 4 – SYSTEM ARCHITECTURE

Mention:

Frontend:

- * HTML
- * Tailwind CSS
- * JavaScript

Backend:

- * Python
- * FastAPI

AI/ML:

- * Scikit-Learn
- * Pandas
- * NumPy

SLIDE 5 — KEY FEATURES

Command Center Dashboard

Transaction Explorer

Risk Engine Intelligence

Alert Center

Mule Graph Intelligence

Explainability Dashboard

Case Workspace

Profile & Organization Management

Notifications

SLIDE 6 — AI & MULE DETECTION

AI Risk Engine:

- * Transaction analysis
- * Risk score generation
- * Alert generation

Mule Detection:

- * Graph-based analysis
 - * Network tracing
- * Suspicious account clusters

Explainable AI:

- * Feature importance
- * Risk explanations

SLIDE 7 — LIVE DEMO FLOW

1. Investigator Login
2. Dashboard Overview
3. Suspicious Transaction Detection
4. Risk Score Analysis
5. Mule Network Discovery
6. AI Explanation
7. Case Creation

SLIDE 8 — IMPACT & FUTURE

Benefits:

- ✓ Faster Fraud Detection
- ✓ Reduced Financial Losses
- ✓ Improved Investigation Efficiency
- ✓ Better Regulatory Compliance

Future Scope:

- * Real Banking Integrations
- * GenAI Investigation Assistant
- * Cross-Bank Fraud Intelligence
- * National Fraud Monitoring Network

Thank You
